Ministry of Foreign Affairs
Government of Nepal

Dear Colleagues,

## NOMINATION FOR SINGAPORE COOPERATION PROGRAMME (SCP) COURSE

The Government of Singapore invites the Government of Nepal to nominate 2 suitable applicant(s) for the course on "Smart City: Envisioning Smart Urban IOT Solutions and Emerging Technologies Management" from 24-28 July 2023 conducted under the SCP Training Award.

2      A General Information Brochure on the aforementioned course is enclosed for your reference. All application(s) should be submitted online by **19 June 2023**. Application(s) should also be endorsed by your office at https://www.scp.gov.sg. The selection of participants will be based on merit. Should there be more applicants than training places, the Department's understanding is sought in the event its nominee(s) is not selected. The Government of Singapore will not accept into the course any applicant without an official Letter of Acceptance.

3      Thank you.

Yours sincerely

Tony Leow

ENVISIONING SMART URBAN IOT SOLUTIONS AND EMERGING TECHNOLOGIES MANAGEMENT

# SMART CITY: ENVISIONING SMART URBAN IOT SOLUTIONS AND EMERGING TECHNOLOGIES MANAGEMENT

## 24 TO 28 JULY 2023

Sponsored by the

## SINGAPORE COOPERATION PROGRAMME

under the

## SINGAPORE COOPERATION PROGRAMME TRAINING PROGRAMME

### Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, close to 150,000 officials from more than 180 countries, territories, and intergovernmental organisations have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.

### Course Objectives

This course will cover Singapore's knowledge of Internet of Things (IoT), its enabling technologies and best practices will support organisations in achieving their smart city objectives. This course provides insights on suitable applications and solutions for real world challenges in a user-centric manner.

### Synopsis

Topics to be covered include:

- Introduction to IoT and IoT lifecycle
- IoT envisioning and evaluation framework
- Overview of cloud IoT services
- Service design in IoT
- IoT trends and security
- Management of emerging technologies such as blockchain, autonomous vehicles and Artificial Intelligence

candidates will be based on merit. Should there be more applicants than training places, the Government of Singapore seeks the understanding of the respective NFP in the event that its nominee(s) is not selected.

All nominees are to submit their applications online at **https://go.gov.sg/smartcity23** by **19 June 2023**. NFPs are also required to endorse nominees via email links. Instructions and FAQs for Applicants and NFPs can be found at the links below:

- Applicants: https://go.gov.sg/start-guide
- NFPs: https://go.gov.sg/start-nfp

**Note:**

- Participants will receive a certificate of completion from the SCP upon completion of the course.

- Please refrain from making telephone and email inquiries on the status of your application while your application is being processed.

- The Ministry of Foreign Affairs, Singapore will inform all applicants of the outcome of their applications. The NFP will also be informed directly.

- Flight arrangements should be made only upon receipt of the Letter of Acceptance to the course.
